Subject: Frank "sully" Sullivan ,a hero and legend

Any time there was a mention of good news in the Lewiston Tribune, "Sully" was kind enough to clip and send the article and a short note of congrats. It's rare that people mention the good things that other people do, and most of the time, good deeds go without any thanks. Sully was positive in his outlook and looked for the best in others. I admired his kind heart, support of community events and kindness towards others. He was a local hero and legend.
