What is Classic Car Insurance?

*Philip Sullivan, CIC
Personal Insurance Mgr*

Classic cars aren't just antiques, they also

include restored cars, street rods, low riders, exotic, and replica cars. I fell in love with my first car, a 1965 Ford Mustang Fastback, and still have it. It's a classic and qualifies for Classic Insurance at very low rates with the special coverage I need. If you are holding onto a collectable vehicle that is at least 20 years old and not used as a daily driver it may qualify for better coverage at a lower premium.

What specialized "classic" coverage is available?

- ✓ Low annual premiums / No mileage limits
- ✓ Auto liability, UM, UIM & Medical
- ✓ Guaranteed Value settlement limit
- ✓ No deductible physical damage

Specialized options like –

- Emergency Road Assistance
- Flatbed Towing
- Spare parts included
- Vehicle under construction/restoration
- Auto show medical reimbursement
